Summary of Drinking Water Analysis for Metals

This report applies only to the sample, or samples, investigated and is not necessarily indicative of the quality or condition of apparently identical or similar products. As a mutual protection to clients, the public, and these Laboratories, this report is submitted and accepted for the exclusive use of the client to whom it is addressed and upon the condition that it is not to be used, in whole or in part, in any advertising or publicity matter without prior written authorization from us. Sample types, locations, and collection protocols are based upon the information provided by the persons submitting them and, unless collected by personnel of these Laboratories, we expressly disclaim any knowledge and liability for the accuracy and completeness of this information. The results apply only to the sample(s) tested as received. Residual sample material will be discarded in accordance with the appropriate regulatory guidelines, unless otherwise requested by the client. This report must not be used to claim, and does not imply product certification, approval, or endorsement by NY ELAP, AIHA-LAP, or any agency of the Federal Government. All rights reserved. LEAD WATER SAMPLE COLLECTION FORM
Lead in Drinking Water – Public and Nonpublic Schools

Any time sampling occurs at a school, this form should be completed by the person who collected lead sample(s). Per the regulations, a first-draw sample is to be collected after an extended period (8 to 18 hours) of non-use of water within the building. This means the water in the building cannot be used for any reason, including toilet flushing, hand washing, etc. A flush sample is only required when the laboratory report shows an elevated level of lead at a particular outlet and may be collected at any time.

Please submit this completed form to the Maryland Department of the Environment (MDE) within 30 days after the samples were analyzed by the laboratory. If multiple people are collecting samples for the same school, each sample collector must fill out a separate form. If emailing, please send to testresults.leadsschoolwater@maryland.gov and include school name and school identification number in the subject line.
